Happy Holidays & Happy New Year from all of us at the WISC Lab!

We've had a busy year here at the WISC Lab with so many new and returning families coming in for visits. As always, we appreciate your amazing contributions to this important work. We hope your holiday season is filled with time spent with those most special to you.

Cheers to the New Year!

Fondly,

The WISC Lab Team

Wish us happy holidays on Facebook! The WISC Lab has a Facebook page, and we would love to connect with you. Our lab website continues to host most of our scientific content, and the WISC Lab Facebook page offers insights into life at the lab, student research, features on some of our participants, and opportunities for participation in our TWO NEW STUDIES! Check us out!
